

COHO COMMUNITY NEWS

STAFF DEVELOPMENT DAY

Last week the COHO staff struck up some fun at Film Alley. We saw who was great at bowling, and who wasn't so great. Let's just say we were all a little rusty but acted like pros by the end of the day.

We had a great time together and are looking forward to an awesome 2025!

WINTER SAFETY TIPS

As Winter sets in, fire safety is more important than ever! Here are some helpful tips and reminders while you prepare for the upcoming weather from our friends at KnoWhat2Do.

- **Space Heater Safety:** Keep space heaters at least 3 feet away from anything flammable (curtains, furniture, bedding) and never leave them unattended.
- **Fireplace Safety:** Do not burn any trash, paper or artificial materials in your fireplace. And remember, have your chimney inspected and cleaned annually to prevent chimney fire.
- **Alarm Safety:** Be sure to test/replace batteries in all smoke detectors and carbon monoxide alarms.
- **Electrical Safety:** Don't overload electrical outlets and ensure that extension cords are rated for heavy use if using to power space heaters.
- **Winter Storm Preparedness:** In case of power outages, use a flashlight instead of candles to prevent accidental fires.

Stay safe and warm!
